THE NEXT GEN

INNOVATION, REDEFINED

steadyrack

Roll in Roll out

Effortless, ground-level bike racking. Easily roll the bike in and out with a simple push-and-pull action.

Space Saving

Original folding design allows the rack to neatly tuck away when not in use.

Easy Pivot

Innovative pivot for enhanced space-saving and easy bike access.

Fender Compatible

Seamlessly fits most fenders or mudguards..

Increased Weight Capacity

Holds up to 55 kg / 121 lb

Safe, Secure, and Lockable

Snug fit with Steadyrack. No risks of falling or being damaged.

Built to Last

Engineered with premium material and meticulous design, our racks are built to withstand the test of time.

Easy To Install

Includes all necessary fixings for timber or masonry walls. Mounts securely to any sturdy surface.

GearMate Ready

GearMate Storage Organiser System (S.O.S) ready with integrated SteadySpine

Warranty

Standard 5 year warranty included.

Australian Designed

Family-owned and based in Perth Western Australian, proud to be part of our local community.
